

# Adopt A Precinct

The Partners in Democracy Program

Ion Sancho  
Supervisor Of Elections  
Leon County

## What is the Adopt A Precinct Program?

It is a partnership in which a participating organization adopts a specific precinct the day of the election. The partner is responsible for providing the staff needed to manage that precinct and help voters.

## Will There Be Training?

Morning, evening and weekend training classes are offered prior to each election. Special on-site training can be arranged to better fit your association's schedule.

## Where will the Precinct Be?

The Supervisor of Elections office has identified many precincts throughout the county that will be set aside for this program.

## Who May Work?

Florida law requires poll workers to be registered voters in Leon County, be able to read and write English, and that they are at least 18 years of age.

## Why Would We Want to Do This?

As a team, your association can work together on Election Day and earn money for your organization.

## What are the Benefits?

Beside serving your community and earning funds, a sign will be placed in front of the precinct that reads, "This polling place is staffed today by: (your organizations name)."

Your organization will be featured on our website and in our newsletter.

## How Many Workers are Needed?

The number of workers needed at any site are determined by the Supervisor of Elections. Usually we need 4 or more workers per location.
